Each class member can make an advent window. Together these can make a calendar for the days of Christmas.

Draw a design for your advent calendar  
– for example a stained glass window.

# Colour in the design.

Stick your design onto the left hand side of a piece of A4 card. Make a pocket for the biscuit and place on the right.

Add one of your wrapped biscuits to your display pocket.

Add your day number here

Wrap your biscuit and put onto this pocket

Add this completed window to the class display.
